

**FORTHCOMING CHANGES TO THE CODE OF CONDUCT FOR  
UNREGISTERED HEALTH PRACTITIONERS**

**On 17 April 2015 the COAG Health Council agreed to implement a National Code of Conduct for Health Care Workers. Implementing the nationally agreed code will require some changes to the South Australian Code of Conduct for Unregistered Health Practitioners and the *Health and Community Services Complaints Act 2004*.**

**It is anticipated that the changes will be completed and the National Code will be ready for implementation in late 2015/early 2016. In the meantime the South Australian Code of Conduct for Unregistered Health Practitioners remains in force.**

**Further inquiries about the National Code may be directed to Ms Lee Wightman, Principal Consultant, Legislation, SA Health, Tel: 8226 7089 or [lee.wightman@sa.gov.au](mailto:lee.wightman@sa.gov.au).**
